Madame

Dear Sir

Mehdi Amin, an Iranian dissident was brutally beheaded in his own residence in Canada

He was a well-known Iranian anti-regime and devoted activist who worked for human rights and democracy in Iran.

We sternly condemn all types of inhuman acts of the current government of Iran and its barbaric terrorization in any disguise. We earnestly request Canadian government to investigate the case with the deliberation it deserves and stand on its position of supporting human rights and freedom of speech.

Respectfully,

Council for Formation of

Iran's Government in Exile
